Additional Services

FULL AUTO DETAIL

In addition to putting forth our best efforts to repair any car damage, Unique Body Shop has no problem giving your vehicle the full attention it deserves: waxed finishing, vacuumed interior, shampooed carpets – these are only just a few of the optional services we offer to leave you 100% satisfied with your vehicle after pickup.

HEADLIGHTS RESTORATION

Do your headlights have that blurred appearance or yellow/brown tint that keeps them from looking bright and brand new? Give us a call! Here at Unique Body Shop, we will restore the clarity to your headlights so that they shine like never before.

CERAMIC COATING

For a long lasting and almighty finish to your paint job, there is no better choice than ceramic coating. Our ceramic coating expert will add a glossy layer to your paint that will protect it from UV rays, oxidation, stains, and more, leaving your vehicle more durable than it was when you first purchased it from the dealer.

SERVICES

COLLISION REPAIR

We understand how stressful it is to have your vehicle damage in an accident. We are dedicated to return your vehicle to pre-collision condition or better. We work with your insurance to handle the claims and all you have to do is to drop off your vehicle and pick it up when it is done.

AUTO BODY REFINISHING

Want that car to shine like new again? Bring it to us and we will make it happen! We will sand down any old paint or rust and reapply new paint with your choice of color and shines. You will love your car again!

DENT REMOVAL

Want that car to shine like new again? Bring it to us and we will make it happen! We will sand down any old paint or rust and reapply new paint with your choice of color and shines. You will love your car again!

HAIL DAMAGE REPAIR

Have hail damage? No worry! We will work with your insurance to have your car returned to it's perfect condition prior to the damage. Your vehicle will look smooth and shiny as if nothing has happened to it.

PAINT & BODY WORK

For damages on your vehicle which have affected the original paint, we also offer traditional paint and body work for a perfect finish. First, the surface is sanded off and the dent repaired by inserting filler material. Then, our expert paint technician will match your car's color to the exact shade and apply clear coat. Once finished, your car will look brand new.
